

Cristo Salva School Kits

Thank you for your interest in providing help to those in need. YOU can make a difference of encouragement, sharing with the ministry of Cristo Salva.

The contents of each of these School Kits are simple, basic items – crayons, paper, scissors – but having or not having them can make a world of difference to a child in school. These Kits will be used in the schools of Honduras. School Kits are a highly requested item – thank you for insuring that all the listed contents are in each bag with no additional items to ensure easy customs clearance.

Assembling the School Kits is the first step in getting them to where they can be used by those in need. Your additional support of \$1.00 per Kit will help make our precious resources go further and help ensure that the right product (your School Kits) will reach the right people at the right time.
